

# Discover Green Patch Program

The Discover Green Patch Program is designed to thank our young volunteers and encourage them to continue to go green. The topics include trees, native plants, recycling, beautification and wildlife habitats.

To complete the patch program take time to do one of each of the following categories – Education, Collaborate, Empower

- Daisys – 1 educate, 1 collaborate, 1 empower
- Brownies – 2 educate, 1 collaborate, 1 empower
- Juniors – 2 educate, 2 collaborate, 2 empower
- Cadettes – 3 educate, 2 collaborate, 3 empower
- Seniors / Ambassadors – 3 educate, 3 collaborate, 4 empower

## Educate

1. Zombie game it is when someone is the zombie and the only way you are safe is when you find a certain plant(leader's choice).
2. Watch Mr.Demeo (you tube) video ecosystem.
3. Draw your own plant and how it can survive any ecosystem you choose.
4. Design a flowerpot that can hold a big plant and not break.
5. Do research on animals in YOUR community.

## Collaborate

1. Plant a butterfly garden at your local park.
2. Trash pickup anywhere in your community
3. Work with your school to teach a workshop about how humans affect the environment.
4. Share one your activities in empower at your school.
5. Read an environmental book to children at your library(example The Lorax).

## Empower

1. Make a mini movie on what you learned.
2. Right a poem or song on the food chain.
3. Make a stop motion on how pollution affects the Earth.
4. Interview one of your friends on their thoughts on pollution, film it and share it with your class or troop.
5. Teach somebody in a different language how to help the environment.
